

**Community Needs, Programs and Outcomes Committee  
August 6, 2015 Report**

The Community Needs, Programs and Outcomes Committee has not met since the last Board meeting. We have, however, submitted a request to Dr. Hughes for input on the targets for metrics we established for the coming school year. That feedback has been received and will be reviewed at our next Committee meeting.

These metrics are aimed at measuring our planned outcomes for several key performance areas including those measuring student participation and success in major program categories. We will also track participation in several new budgeted programs such as Ky FAME, a pilot cohort on line program and the Early College program.

We will be monitoring progress by semester or calendar quarter, whichever is more appropriate.

Joe Creaghead  
Committee Chair
