## Notes

- At least 25 percent of the approved curriculum for any certificate, diploma or degree must be completed at the student's home college.
- **EKU Transfer Information:** EKU currently offers (3) Bachelor's Programs: Fire, Arson, Explosion and Investigation; Fire Protection & Safety Engineering Technology; and, Fire Protection Administration. Students wishing to transfer credit to EKU should contact an advisor during their first semester of coursework. An EKU advisor may be reached at: [onlinedegrees@eku.edu](mailto:onlinedegrees@eku.edu)
- COM 181 or COM 252 also recommended for EKU transfer.
- \* Other general education courses and electives may transfer depending on which bachelor's program a student is seeking; however, there is a requisite amount of credit hours that must be completed and an upper division hours requirement that must be met at EKU. Consult an EKU advisor before enrolling.
- \*\* This course can only be counted once for a total of 3 credit hours – either as a part of the required coursework or an elective.
